# Become a startup founder before college

Real world learning through Real world projects/start-ups!

Students transforming ideas into impact through real-world startup experience

Our Program is for young minds who wish to:

## 1. Experience real-world learning beyond academics

We offer a unique opportunity to explore life beyond traditional academics. Through hands-on projects, you will gain invaluable insights into how the real world works. You will gain a complete understanding of what it takes to succeed.

## 2. Become exceptional leaders and public speakers

Our program will shape you to confidently express your own ideas. Through practical activities, mentorship, and launching a real product, you'll learn to transform innovative concepts into feasible, real-world companies.

3. Build an outstanding profile for Ivey league college admissions:
   We will help you to stand out in the competitive college admissions process! Our program offers a tangible outcome that highlights their determination, creativity, and problem-solving skills, making their college application truly shine.

## 4. Make friendship that will last a lifetime

You will forge deep connections with like-minded peers, cultivating friendships that will endure long after the program concludes. We will introduce them to Business Owners, CEOs, investors, marketers, software engineers, and more, allowing them to begin networking earnestly.
